

Amber L Valimont, CRNP

Primary Care - Internal Medicine

Amber Valimont is a certified registered nurse practitioner (CRNP) who specializes in internal medicine and primary care. Her clinical interests in chronic disease include management of hypertension and diabetes. She provides medication-assisted treatment for addiction and hepatitis C treatment. She is interested in geriatrics and has worked with the homeless population in Pittsburgh.

She has a master's degree from Belmont University in Nashville, Tennessee. Amber is board-certified by the American Academy of Nurse Practitioners as a CRNP and a family nurse practitioner.

Committed to a collaborative approach to patient care, Amber sees patients ages 17 and older.
