

Justin Davanzo, MD

Neurological Surgery

Dr. Justin Davanzo is an expert neurosurgeon, experienced in neurocritical care, neurotrauma, and the newest therapies for pain management. His goal is to treat the whole patient, not just a specific surgical issue. By offering a multitude of options for patients with both chronic and acute pain, he can give each patient the best option for their particular problem.

He is experienced in implanting spinal cord stimulators, dorsal root ganglion stimulators, and peripheral nerve stimulators.

Dr. Davanzo received his medical degree from Jefferson Medical College in Philadelphia, Pennsylvania. He completed a residency, as well as a fellowship in neurocritical care and functional neurosurgery, at Penn State Health, Milton S. Hershey Medical Center in Hershey, Pennsylvania. He speaks English.
