

Stanislav S Nosik, MD

Colon and Rectal Surgery

Dr. Nosik provides surgical care for patients with colorectal cancer, Crohn's disease, ulcerative colitis, diverticular disease, colorectal polyps, fistula-in-ano, fecal incontinence, and incisional hernias. He is especially interested in minimally invasive interventions, inflammatory bowel disease, colorectal cancer, and benign anorectal diseases. Dr. Nosik is experienced in laparoscopic and robotic colorectal resection, re-operative surgery, LIFT, SNS, and bilateral component separation. He speaks Russian and English.
