

## Swati Arora, MD

### Nephrology

Dr. Swati Arora is an Assistant Professor at Allegheny Health Network fellowship program who works as a Clinical Nephrologist, teacher, and a researcher. She completed her residency, chief residency, and Nephrology fellowship at Allegheny Health Network-Medical Education Consortium in Pittsburgh, PA.

Though her clinical practice includes a wide variety of patients with kidney disease, she specializes in management of patients with glomerulonephritis (GN), nephrotic syndromes and autoimmune conditions affecting the kidneys such as lupus nephritis, ANCA vasculitis. She also has interest in managing pregnancies complicated with kidney disease and kidney transplant recipients with GNs.

Dr. Arora strongly believes in multi-disciplinary approach to management of complex patients with glomerulonephritis. She is Co-director of Glomerular disease program at Autoimmune Institute located at West Penn Hospital where patients get care from
