

**Timothy A Leichter, MD**

Neurology

Dr. Leichter treats patients with Parkinson's disease, essential tremors, dystonia, Huntington's disease, ataxia, and tic disorders. He is skilled at administering Botulinum toxin and performing deep brain stimulator adjustments. He is particularly interested in researching clinical care for movement disorders.

Dr. Leichter received his medical degree from Temple University School of Medicine in Philadelphia, Pennsylvania. He completed his residency and his fellowship training at Allegheny General Hospital in Pittsburgh, Pennsylvania. He speaks English.
