

David J German, MD

Orthopaedic Surgery

Dr. German specializes in orthopaedic surgery and joint replacement. He treats arthritis of the hip, knee, and shoulder, rotator cuff tears, knee meniscus injuries, knee ligament injuries, and fractures.

His clinical interests include direct anterior hip replacement, robotic hip and knee replacement, shoulder replacement, and arthroscopic knee and shoulder surgery.

He is also skilled at performing muscle-sparing, minimally invasive direct posterior hip replacement, robotic hip and knee replacement, arthroscopy, and joint revisions. He is board-certified and speaks English.
