

## George A Small, MD

### Neurology

Dr. Small is a highly skilled adult neurologist with additional qualifications in clinical neurophysiology, electromyography, and nerve conduction studies. He is director of the Electromyography and Nerve Conduction Laboratory at Allegheny General Hospital (AGH). He has special clinical interests in diagnosing and managing patients with neuromuscular diseases and botulinum toxin injections (chemo denervation).

Dr. Small treats patients who have peripheral neuropathies, including diabetic related, inherited, and autoimmune related such as CIDP, as well as autonomic neuropathies, such as myasthenia gravis, muscle diseases and motor neuron diseases, amyotrophic lateral sclerosis (ALS), multifocal motor conduction block neuropathy (MMCBN), and neuropathies related to monoclonal gammopathy of undetermined significance (MGUS).

Dr. Small is experienced in administering botulinum toxin for chronic migraine, spasticity, and dystonia, as well as hemifacial

## Locations

### AHN Neurology

#### Allegheny General Hospital Professional Building

490 E North Ave  
Suite 500  
Pittsburgh, PA 15212

Fax: 412.359.8809

## Credentials | Training & Certifications

### Residency

Columbia Presbyterian Medical Center

### School

Jefferson Medical College

### Board

American Board of Psychiatry and Neurology, Neurology  
American Board of Psychiatry and Neurology, Clinical

## Expertise

Neuromuscular Disease  
Autoimmune MG  
Polyneuropathy  
POTS  
Rhabdomyolysis  
MG (Myasthenia Gravis)  
Dysautonomia  
Limb Girdle Muscular Dystrophy

Dysferlin  
Motor Neuron Disease  
Hereditary Motor Sensory Neuropathy  
Spinal Muscular Dystrophy  
Congenital Muscular Disorder  
Polymyositis  
Charcot Marie Tooth Disease  
Guillain Barré Syndrome

spasm. He participates in studies regarding proper myasthenia gravis diagnosis and therapy and was part of the initial study of Onabotulinum (Botox A) prior to its FDA approval.

Director and founder of the ACGME approved Clinical Neurophysiology Fellowship at AGH since 2002, Dr. Small is also director and founder of the Myasthenia Gravis Association Clinic of Western Pennsylvania (MGAWPA) at AGH. He is a member of the Medical Advisory Board of the National Myasthenia Gravis Foundation of America (MGFA). He speaks English.
