

Emily Heckman, PA-C

Primary Care - Family Medicine

Emily is a certified physician assistant (PA-C) who specializes in family medicine. Her clinical interests include hypertension, diabetes, and cardiovascular disease management, as well as behavioral health concerns, including anxiety, depression, bipolar disorder, and obsessive compulsive disorder.

Caring for patients of all ages, Emily is highly skilled at performing procedures such as lesion removals, abscess incision and drainage, suturing, wart removals, joint injections, Pap smears, joint aspirations, and trigger point injections.

Emily earned a Master of Science in physician assistant studies at Saint Francis University in Loretto, Pennsylvania. She's certified by the National Commission on Certification of Physician Assistants, and she also has certifications in Advanced Cardiovascular Life Support and Basic Life Support.

Emily is a member of the American Academy of Physician Assistants.
