

Jennifer H Keeley, DNP

Advanced Heart Failure

Jennifer is an advanced heart failure and cardiometabolic nurse practitioner. She specializes in cardiology, including dyslipidemia and system hypertension treatment, advanced heart failure, and pulmonary hypertension.

Her special clinical interests are pulmonary arterial hypertension (PAH), hypertrophic cardiomyopathy, amyloidosis, and primary preventive cardiology. Jennifer performs specialized procedures, including advanced IV prostacyclin infusions for PAH patients.

She sees patients 18 and older and is dedicated to a patient-centered approach to care by providing patients with education at every visit.

Jennifer earned a Bachelor of Science in nursing at Boston College, a Master of Science in nursing from the University of Pittsburgh, and a Doctor of Nursing Practice from Robert Morris University.

She is a member of the American Association of Nurse Practitioners,
